Wishbone Barstool

The Wishbone Bar Stool is a premium reproduction of one of the most classic designs from the mid-century modern era. A rare combination of natural and practical, its misleadingly complex construction stems from the designer's extensive knowledge of wood. The fluid lines and minimalist style create an airy feel while the Y-back creates a truly organic impression. The curving top rail and tapered legs are stunning additions to the comfortably flexible yet sturdy woven seat.

Also available in a dining chair option here.

Also available in a counter stool option here.
