Harper Bed - Part 2 of 4

Floating becomes an illusion with the creative support of solid stainless steel legs and imaginative design of an extremely wide-set and low frame. Inspired by Italian home design, Harper's solid, fully upholstered frame is made from sustainable artisan crafted materials like Canadian sourced lumber and European fabrics. Subtle details, such as the slight wrap-around of the headboard, are the small features that make Harper a unique piece for the home. Harper's swift representation of stylish modern design is available in King or Queen.
