Asher Bed - Part 3 of 4

Asher™s seamless joinery and beautiful dark-stained Danish teak-inspired walnut veneer come from the design of a traditional mid-century masterpiece. Crafted from solid wood and delicately sculpted, the frame is beveled with 45 degree edges that fall towards the center encapsulating the security of the head. At the base, which sits wide above slim tapered solid American walnut legs, the complementary edges gently slope outwards gradually bringing you down into deeper, dramatic slumber. The Asher Bed is available in King or Queen and part of a five piece set that completes the classic mid-century modern dream.
