Tulip Table Base - Oval

There is an inherent practicality in the clean, flowing lines of the Rove Concepts Eero Saarinen Tulip Oval Table series. Not only beautiful, the tables feature single stem bases, which allow for greater ease of movement and increased legroom. This is especially true in combination with the Eero Saarinen Tulip Chairs. The dismissal of traditional legs create a remarkably spacious experience.

In addition to their practicality, these pieces feature genuine Cararra marble sourced exclusively from Cararra quarries in Italy. This marble is highly valuable due to its durability and beauty. In fact, Michelangelo sculpted his masterpiece, David, from it. Rove Concepts' commitment to using naturally sourced marble guarantees that each table is unique. The tables also take advantage of materials like aluminum and modern sealants. The table tops have a protective coating applied and the bases undergo a 5-step powder coating on the aluminum base to prevent damage and increase durability.

The Tulip Oval Table series are practically indistinguishable from the original. They have the same finishing, dimensions and smoothed beveled edges. Several sizes are offered and new materials are now being offered alongside White Cararra marble, such as Black Cararra marble and Black Granite. By staying true to the original design and quality, Rove Concepts maintains its standard of affordable luxury.

Details

This Rove Concepts premium reproduction features:

- Imported from the Carrara province of Tuscany, the white Carrara marble is considered the best in the world for its natural look and durability
- Natural grey veining throughout - not solid white (Please see actual pictures above)
- Table top also available in Black Granite
- Solid stone table top is polished and finished with two layers of sealant
- Table top shape: OVAL
- True to the original, the edge is smooth and beveled on the underside
- The base is made of cast aluminum and undergoes a 5-step powder coating process for a smooth finish that is resistant to chipping
- Available with a white or black base
