Tulip Side Table Top

Inspired by the iconic work of designer and architect Eero Saarinen, the Rove Concepts Tulip Side Table is a standout piece of modern mid-century style. Crafted to maximize space efficiency, the study single stem base supports a naturally veined top made of genuine Italian Cararra marble in either black or white. Boasting details such as a smooth beveled edge and an in-house applied sealant, the high quality finishings of the table will be a feature piece for years to come.
