

Rove Concepts

Diane Form Sleeper Sofa

Diane transforms from sofa to sleeper in one fluid motion. Engineered for both sitting and sleeping, the cushioning combines distinct foam densities for each use, with a dedicated 2 cm layer of cooling memory foam on the sleeper surface.

A softly illuminated storage compartment behind the seat keeps bedding close at hand. USB A and USB C charging are integrated directly into the frame, while a warm 3000K nightlight creates subtle ambient light when Diane is in sleeper mode.

Finished throughout in Weathered Oak veneer.

Details

- Sofa and integrated sleeper mechanism
- Sleeping surface
- 2 cm memory foam sleeper layer
- Removable mesh mattress cover
- Integrated ambient nightlight
- Integrated USB A and USB C charging
